- Full of bugs** ★★
by mindplay.dk

The current version is buggy. Have to open movie details twice before the "Add to My List" button appears. And stuff you add to your list is then nowhere to be found – the My List button has vanished! Also keeps losing the connection to Chromecast while playing. Very annoying! :-(

Nu hvor hobbitten et er der kan i så ikke også lægge de to andre der ind men ellers fedt app 😊😂👍👍
- No Chromecast** ★★
by BlaineDarkthorn

The app is of course nice, but after latest update, it can no longer 'see' my Chromecast. The latest update didn't fix the Chromecast issue.
