### Customer Reviews

Buggy software and bad support has pushed me to do a review ★  
by Mktexpress

As a long time paid customer I have tried to get them to fix problems with the app. The biggest problem is when playing songs the audio will stop though the song shows as playing. You have to either grab the track button and pull it to the beginning or you have to skip to the next track and hope that plays. Other issue is that album art does ...More

Fantastic! ★★★★★  
by Thelongcon

It works 95% which is good. The other times, it freezes and eventually crashes. I use an iPhone 5 and other apps do this as well because of the ios8 (I think) so I don't sweat it. I like when I make a playlist, they let me know that I already have that song on it which the computer version doesn't do. Sometimes I forget especially in a playlist of ...More

Great app but could use a few more updates ★★★★★  
by Amanda Frankel

Over the past few weeks, I've been noticing that songs/albums I save are not actually saved. Each time I open the app, songs I saved even earlier that day are not there. It is getting increasingly frustrating to keep having to search for and resave to make sure I have the music I want. On a positive note; I have effectively stopped using iTunes in ...More
