Improvement over previous built in app ★★★★★
by Joshua D Sands

This app is an improvement over the previous built in version, feels quicker, better discovery, ability to watch in full screen mode or not and switch back and forth. One drawback is the introduction of pre-roll adds, but that is not surprising.

AirPlay is broken ★★★★★
by Plaid Knight

What's up with AirPlay functionality in this app? It requires mirroring to play video, but it doesn't play full screen on the tv. No AirPlay = useless app for me. Otherwise, great app. 5 stars with proper airplay.
