Description

Get the official YouTube app for iPhone and iPad. See what the world is watching – from the hottest music videos to what’s trending in gaming, entertainment, news and more. Subscribe to channels you love, share with friends, and watch on any device.

With a new design, you can now have fun exploring videos you love more easily and quickly than before. Just tap an icon or swipe to switch between recommended videos, your subscriptions, or your account. You can also subscribe to your favorite channels, create playlists, edit and upload videos, express yourself with comments or shares, throw a video to your TV, and more – all from inside the app.

FIND VIDEOS YOU LOVE FAST

- Browse personal recommendations on the home tab
- See the latest from the creators you follow on the subscriptions tab
- Look up videos you’ve watched and your like history on the account tab

CONNECT AND SHARE

- Let people know how you feel with likes, comments, or shares
- Edit, add filters, add music, and upload your own videos all inside the app

or channels at any time. In the new layout this was no longer a feature for iPhone users. It’s really annoying to search up the channel names or press the back button like a billion times. A feature that I really want is to allow people to

[...More](#)

Progress is being made. ★★★★★ by Zenshi

Playlist still don't show the date of the video. Playlists still don't mark videos as watched. In a playlist with 192 videos how do I know where I left off? Better off watching in a browser at least that marks videos as watched.
